

Web site Visitor Seller

Subject: Thank you for taking the time to visit my Web site.

Thank you for visiting my Web site. I'm in the process of gathering the information you requested and will send it to you immediately after I've collected it all.

It would be my privilege to work for you to help you find your new home. I can provide all sorts of information about buying a home, like interest rates, neighborhood news, and tips on how to avoid purchasing a "lemon" of a home.

One of the biggest advantages to working with me is that I have an extensive base of contacts. We will work together to help you find the new home of your dreams.

As I'm sure you already know, the best homes always sell the fastest. As one of the most active real estate professionals in the area, I often find out about homes before they come onto the market.

So, through me, you'll have an edge over competing homebuyers. I can give you one of the first chances to place an offer on the home that you most want.

Please give me a call. We can talk about the home buying process and your home buying goals. I am confident that I can help you achieve all your real estate goals.

Regards,
